Local hazards:

The hazards/disasters most likely to affect our home are:

Emergency meeting places:

The members of your household may not be together following a disaster. Choose one emergency meeting place near your home and one away from your home in advance.

1. Emergency meeting place near our home:

2. Emergency meeting place away from our home:

TIP:

Keep this plan in an easy-to-find, easy-to-remember place (for example, with your emergency kit). You may also want to make duplicate copies to keep in your car and/or at work.

TIP:

Your family may not be together when a disaster occurs, so it's important to practice what you've planned so you know how to connect with each other in the case of an emergency. Be sure to discuss what you would do in different situations. Review and update your plan yearly.

TIP:

Your pets should wear current identification tags and have their vaccinations up-to-date at all times. Along with your information on their tag, also include the phone number of your out-of-area contact.

Phone: _____ Phone: _____

TIP:

Pack an envelope in your child(ren)'s backpack(s) that contains your contact information, their health information or special requirements, a recent family photo and your out-of-area-contact's information.

Out-of-Area Contact:

- This person can help pass messages between family members and be a point of contact for updates
- If local phone service is disrupted, phone or text your out-of-area contact and let them know where you are and how you are doing
- Keep the call short and, if possible, arrange a time to call back for another check-in

Name: _____
City/Province: _____
Phone: _____

TIP:

Check with your child(ren)'s school or daycare about their emergency plans. Ask how they will communicate with families during an emergency and what type of authorization they require to release your child(ren) to a designated person if you are unable to pick them up yourself.

You can use these symbols to mark the location of utilities:

TIP:

Keep copies of birth and marriage certificates, passports, licences, wills, land deeds, insurance and other important documents in a safe place both inside and outside your home, such as a safety deposit box or give them to trusted friends or family who live out of town.

TIP:

If you rely on a prescription, talk to your doctor or pharmacist about how to keep an extra supply or valid prescription in your emergency kit and grab and go bags. Be sure to check it regularly and replace it before it expires. Also, store an extra set of contact lenses and prescription glasses, if possible.

TIP:

If you suspect a gas leak, turn off the gas valve and leave immediately. **Do not try to turn it back on.** Only a registered gas contractor can do that safely.

TIP:

Make large, easy-to-see signs indicating the location of the water and gas shut-offs, as well as for the front of the electrical panel.

TIP:

Check with your insurance representative about what sort of assistance they can provide if you are evacuated for your home or cannot return.
